DISABLED REFUGE EVC

Folknoll's vandal resistant, BS5839-9 compliant, disabled refuge EVC system offers cost effective solutions for shops, offices, hotels and other public spaces.

RA7700.60 EXTERNAL OUTSTATION

Disabled refuge outstations are installed in refuge areas to enable users to call for assistance in the event of an emergency.

The RA7700.60 is a bright yellow die-cast aluminium disabled refuge EVC outstation designed for external use.

The unit is fitted with large vandal resistant call button and a call progress LED for user reassurance.

Speaker volume and microphone gain are independently adjustable to suit the operating environment, with a maximum output of 80 dB for noisy areas.

The standard faceplate is made from die-cast yellow aluminium and annotated in black with the words 'REFUGE ALARM' and 'PRESS ONCE TO CALL'. Alternative finishes and annotation are available on request.

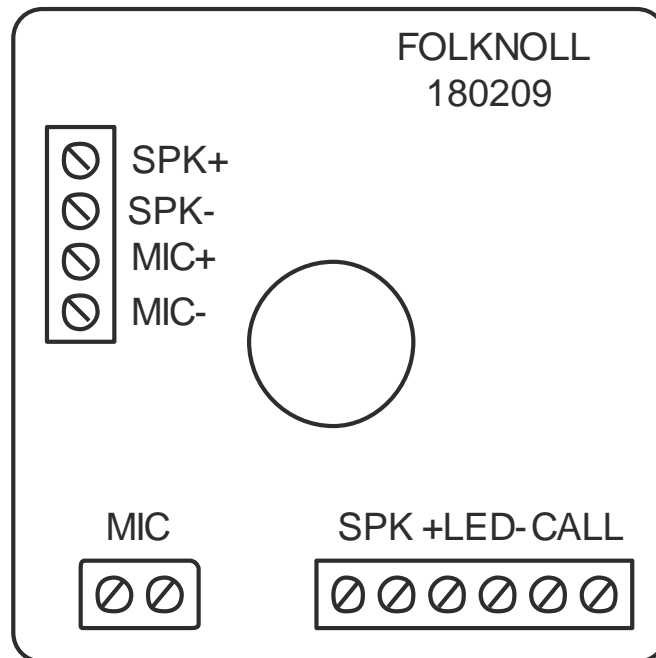

The unit is supplied with a black painted aluminium surface mount back box.

This outstation is suitable for use with compact, combined and standard Folknoll Disabled Refuge EVC systems.
