- Ideal for public places

### DISABLED REFUGE EVC

Our vandal resistant, BS5839 compliant, disabled refuge EVC system offers cost effective solutions for shops, offices, hotels and other public spaces.

### REFUGE OUTSTATIONS

Disabled refuge outstations are installed in refuge areas to enable users to call for assistance in the event of an emergency.

### RA7700.30/35 STAINLESS OUTSTATION

The RA7700.30/35 is a vandal resistant, stainless steel, outstation, with large vandal resistant call button and call progress LED.

Speaker volume and microphone gain are independently adjustable to suit the operating environment, with a maximum output of 80 dB for noisy areas.

The standard faceplate is made from brush finished stainless steel and annotated in blue with the words 'REFUGE ALARM' and 'PRESS ONCE TO CALL', alternative finishes and annotation are available on request.

The unit is supplied with a flush or surface mount mild steel back box.

**This outstation is suitable for use with compact, combined and standard Folknoll Disabled Refuge EVC systems.**
