## FOR DISABLED TOILET ALARM SYSTEMS

### FOLKNOLL DISABLED TOILET ALARM SYSTEMS

Our disabled toilet alarm series is a range of flexible, easy to install and operate equipment, enabling you to install cost effective vandal resistant disabled toilet alarm systems. Using this range you can construct anything from stand-alone toilet alarms to site-wide systems with remote fault monitoring, events logs, graphical workstations etc.

### DT7520.01M PULL CORD WALL/CEILING MONITORED STAINLESS

Our DT7520.01M pull cord alarm activator switch has a vandal resistant stainless steel plate and anti-tamper fixings - ideal for use in public places. The plate can be ceiling or wall mounted in a 35 mm single gang back box.

The unit is supplied with 2200 mm cord and 2-off pull handles for high and low level alarm activation.

**THE CORD MUST BE PULLED AND HELD FOR AT LEAST 0.25 SECONDS TO REDUCE THE RISK OF ACCIDENTAL ALARM ACTIVATION.**

An alarm activation LED is illuminated to provide user reassurance.

Folknoll pull cord switches and emergency call points can be installed in parallel to provide multiple alarm activation points.
