- Can be used in conjunction with radio pendants

**Description**

The Prestige system is a proven combined Warden Call, Nurse Call, alarm, intercom and door entry system for use in sheltered housing, nursing homes, retirement homes and other similar establishments.

Speech Units are installed in residential units and other strategic locations and are used to trigger alarms, talk to the Warden, host the Wardens Hand Unit etc.

The PS 7602 Door Entry Speech Unit has all the features of the standard speech unit with additional door entry facilities. Visitors can use a door entry panel on the entrance to talk to the resident. The resident can then remotely unlock the entrance if desired.

**Designed For Life**

As with all Folknoll products the Prestige product range has been designed for easy installation, simple configuration, straightforward operation, excellent testing facilities, low maintenance and high reliability.

**Custom Units**

Custom units and larger systems to fulfill special requirements are available on request.
