FOR PRESTIGE SYSTEMS

FOLKNOLL PRESTIGE WARDEN CALL SYSTEMS

Our flexible Prestige warden call / nurse call range combines panic alarms, assistance alarms, door exit alarms, external alarms, intercom, door entry control with local and remote monitoring. Providing peace of mind to residents of care homes, warden controlled homes, nursing homes and other similar establishments.

PS7901 PRESTIGE DOOR ENTRY PANEL

The PS7901 Prestige stainless steel door entry panel adds a door entry intercom with remote entry control to a warden call system.

Visitors can use the panel to contact and talk to the warden who can remotely allow access to the building if appropriate.

Alternatively the visitor can contact the resident directly by entering a unit/room number. Residents with a door entry speech unit can remotely allow visitors into the building.

There is also a timed access feature allowing access via the 'Trade' button at preconfigured times.

The unit is made from vandal resistant stainless steel fitted with vandal resistant buttons.

PART NUMBERS

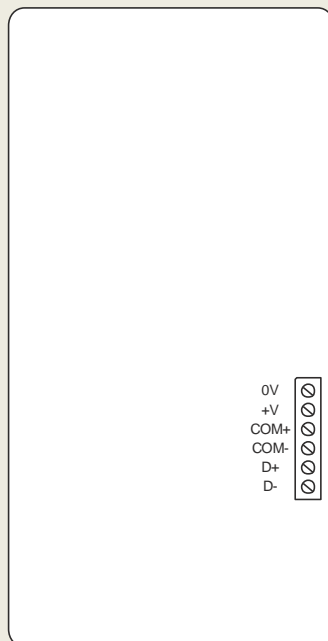

PS7901

Prestige Warden Call Door Entry Panel, Stainless
