Features

- control and audio interface for CODEC PCs
- 1-off RS232 control
- 2-off 2-way audio channel interface for CODEC PCs
- required for systems with PC Master Stations
- rack mounting

Description

The Videcom VC-7000 series is a range of easy to install, easy to configure and easy to operate vandal resistant audio/video equipment, designed to enable you and your clients to install reliable vandal resistant intercom systems with integral video.

The VC 7000-022 Audio Interface provides a control and audio interface between a Videcom A/V matrix and the Videcom CODEC PCs.

The CODEC PCs provides control, video and audio interfaces between a Videcom System and an IP network allowing PC Master Station operators to see, hear, talk to users and control Videcom Systems.

Notes

1-off Audio Interface and up to 2-off CODEC PCs required for each Videcom System with PC Master Stations.
