

Flush mount

Aluminium construction

Suitable for RA7700.43 disabled refuge outstation

ACCESSORIES AND BACK BOXES

Folknoll offer a range of back boxes for mounting our equipment. This includes surface, flush and semi-flush units made from aluminium, mild steel and stainless steel. Units are normally supplied with a galvanised, brushed or black painted finish. Other materials, finishes and custom back boxes are available on request.

AC 4100-013 BACK BOX FLUSH, ALUMINIUM

Our AC 4100-013 Back Box Flush, Aluminium is specially designed for mounting our stainless steel, disabled refuge outstation with induction loop. The unit has 4-off tapped M5 mounting holes to match the outstation faceplate.

MOUNTING

This back box is designed for flush mounting. The unit can be drilled as required for fixings of your choice, there are no pre-drilled fixing points.

CABLE ACCESS

This back box can be drilled as required for mounting cable glands, there are no knockout panels.
