Folknoll

PHYSICAL PROTECTION FOR PANEL MOUNTED PCBS

Reduces risk of static discharge damage to components during handling, installation and maintenance.

Reduces risk of component shorts with metal back boxes

Reduces risk of contact with bare cables during installation and maintenance

Reduces risk of physical damage during handling and installation

Mounts in standard UK 50mm single gang back box

ACCESSORIES BACK-COVERS

Our range of back covers offer additional physical and electrical protection for panel mounted PCBs. Back covers are usually be supplied fitted to new systems; but can be supplied separately for retrofitting to existing equipment.

AC 4101-001: ENHANCED RESET BACK COVER

This is the back cover for our single gang enhanced reset unit PCB. The cover fixes to the four enhanced reset PCB mounting posts, leaving the cable terminals exposed for easy connection. Note use of this back cover increases the depth of the enhanced reset assembly, therefore a standard UK, 50mm, single gang back box is required instead of the usual 35mm back box.

RETROFIT

If supplied separately this back cover is easily retrofitted to the reset PCB mountings using a basic nut driver.

APPLICATION NOTES

SUITABLE FOR USE WITH ENHANCED RESET PCBS ONLY

NOT DUST OR WATER RESISTANT

REQUIRES 50mm SINGLE GANG BACK BOX

SPECIFICATIONS

Material:	Black plastic
Dimensions:	Width: 60mm, height: 60mm, depth: 25mm (approx.)
Mounting:	The complete enhanced reset front plate, PCB and back cover assembly mounts in a standard UK, 50mm, single gang, back box (not supplied)
Ingress protection	This back cover offers a loose-fitting physical/electrical barrier, it does not provide water or dust resistance.

ABOUT FOLKNOLL

We are a UK based systems design, manufacturing and installation company. Since 1975 we have been supplying tough, reliable, practical, alarm and control systems for the private and public sectors. All of our products and systems have been designed for easy installation and low maintenance by experienced engineers. As original manufacturers, all of our products and systems can be customised to suit your requirements. We also offer individual annotation, custom engraving and special finishes for all of our equipment.
