

**BATTERY BACKED SYSTEM PSU**

**DIN rail mounting**

**Output 12V, 5A**

**Mains fail output**

**Suitable for mounting in Folknoll DIN rail enclosure**

**Compatible with Folknoll emergency assistance alarm systems**

**Compatible with Folknoll intelligent affray alarm systems**

## EMERGENCY ASSISTANCE ALARMS

Folknoll emergency assistance alarm systems offer cost-effective, vandal resistant, **BS 8300** and **DOCUMENT M** compliant solutions built from standard and bespoke units. Our alarms can be combined with disabled refuge EVC, fire telephone and other systems. Ideal for **SHOPS, OFFICES, HOTELS AND OTHER PUBLIC SPACES**.

## SYSTEM POWER SUPPLY AND BACKUP BATTERIES

The system power supply and backup batteries must provide a minimum of 24 hours of standby and 30 minutes of active operation in the event of a mains failure.

## DT7500.09 PSU, 12V, 5A, DIN MOUNT

Our DT7500.09 PSU, 12V, 5A, DIN Mount provides battery backed power for Folknoll systems.

## MAINS FAIL

This unit benefits from a mains fail output. This output can be monitored by the control systems which can alert to a potential problem so that action can be taken before the alarm system becomes in operable.

## UNIVERSAL MAINS SUPPLY

This PSU accepts a wide range of input supplies enabling the PSU to operate in many parts of the world.

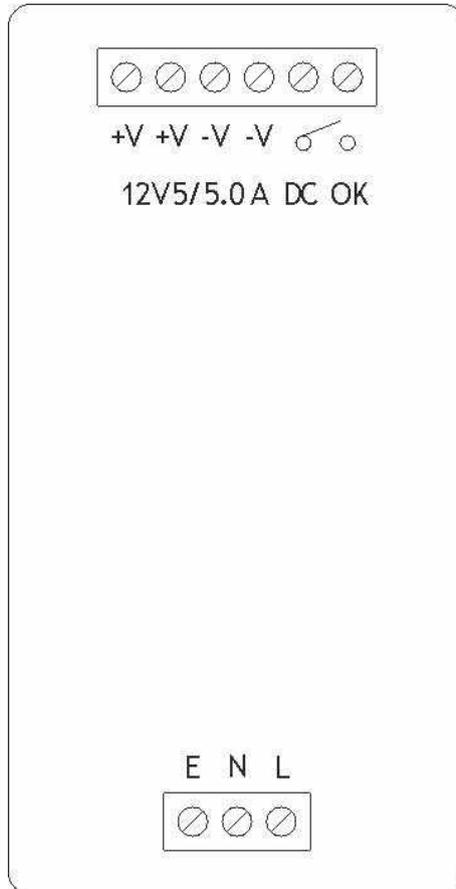

## DIN MOUNT ENCLOSURE

This unit can be mounted in our wall-mount DIN rail enclosure along with, control boards and standby batteries to provide a combined disabled toilet alarm mains PSU, backup batteries and control system.

### SPECIFICATIONS
