

OUR COMPANY

Since 1975 Folknoll Group have been leading suppliers of audiovisual communications equipment and security locking systems. We supply a large range of standard and specialist products for the security, communications and care industries. All of our products are designed by experienced engineers for easy installation, simple configuration, straightforward operation, excellent testing facilities, low maintenance, and high reliability. Making our products better for you and your clients.

OUR CUSTOMER BASE

We have a large customer base across all of our market sectors and are approved suppliers of Electric Locking Control, Video Intercoms and General Alarm Systems for the Prison Service.

OUR STANDARD PRODUCTS

We have a comprehensive range of standard audiovisual communications equipment and security locking systems. All systems can be supplied with vandal resistant and weather resistant enclosures. For more information on these products please refer to the relevant product group brochures or product group pages on our website.

OUR SPECIALIST SYSTEMS

Folknoll group offers a full design service to modify our existing products or develop completely new products to enable us to provide the right product for you and your clients.

OUR SUPPORT

Folknoll group products are fully supported with on-site commissioning, on-site and remote technical support.

OUR QUALITY

Folknoll pride ourselves on the quality of materials and workmanship used for all our standard and specialist products. At the heart of every Folknoll Group product or project are a team of highly skilled dedicated engineers with relevant industry experience ensuring every Folknoll product is the right product for you. Our commitment to quality is reflected in the proportion of repeat business from clients across all our market sectors.
