

CUSTODIAL CELL CALL

Folknoll offer a range of tough reliable NOMS STD/E/SPEC/013 units for use in Prisons, Magistrates' Courts, Police Custody Suites and similar establishments. Our systems can be combined with CCTV, affray alarm, general intercom, door locking control/monitoring, building alarms and other custodial systems to provide a complete solution.

FIT EXISTING BACK BOXES UTILISE EXISTING PANELS IF APPLICABLE

- Tough reliable cell call system
- Local cell mute and reset functions
- Can be combined with other custodial systems
- Range of standard panels, switches etc.
- Custom panels available
- Can be used to upgrade existing systems

CELL CALL CONTROL SYSTEM

The Cell Call Control System offers standard cell call features and a timed local cell mute function. Cell Call is a simple cost-effective system with a range of tough vandal resistant call buttons, indicator panels, PA and radio interfaces, etc.

REFURBISH EXISTING SYSTEMS

Our Cell Call Control System can replace and upgrade obsolete equipment with timed local cell mute function, reusing existing cabling and retaining existing faceplates to reduce costs and disruption if applicable.

Our expert engineers will quickly replace your existing control systems, with minimal fuss allowing your establishment to continue operate as smoothly as possible.

COMBINE WITH OTHER SYSTEMS

Our Cell Call Control System can be combined other custodial systems including our new illuminated alarm strip affray systems.

Folknoll can design specialist panels combining systems onto a single board reducing control room clutter etc.

Alternatively we can provide interfaces to for third party panels and control systems.

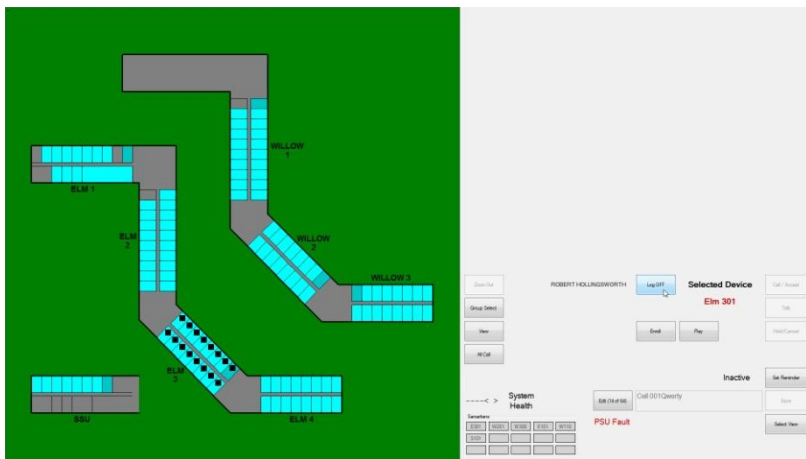

GUI OPERATOR STATIONS, EVENT LOGS ETC.

Our GUI workstation simplify the operation of complex systems, displaying alarms and cell calls on site plans.

Workstations can be mouse and keyboard or touch screen operation with optional fingerprint recognition for authorisation.

The software also offers multiple user, zoned sites, event logs etc.

ABOUT FOLKNOLL
