DISABLED REFUGE EVCS

Folknoll's vandal resistant, **BS 5839-9** compatible, disabled refuge EVCS offers vandal resistant solutions for **MUSEUMS, RAILWAY STATIONS, HOTELS** and other **PUBLIC SPACES**. Our great range of outstations, master stations and control equipment, enables us to construct systems to suit your requirements. All of our products can be customised with photoluminescent, Braille, tactile and multilingual annotation. We can even combine our disabled refuge EVCS with fire telephones, emergency assistance and other building alarms to provide **COST-EFFECTIVE** solutions for smaller sites.

REFUGE OUTSTATIONS

Disabled refuge outstations are installed in refuge areas to enable users to call for assistance in the event of an emergency.

RA7700.60: OUTSTATION, EXTERNAL, YELLOW

Our RA7700.60 is a bright yellow painted, die-cast aluminium, disabled refuge EVCS outstation designed for external use. The unit is fitted with large vandal resistant call button and a call progress LED for user reassurance. Speaker volume and microphone gain are independently adjustable to suit the operating environment, with a maximum output of 80dB, for noisy areas.

WEATHER RESISTANT

This unit is supplied with a special black painted die-cast aluminium back box, with concealed wall fixings. When the outstation is mounted in this back box it forms an **IP65 WEATHER RESISTANT** enclosure.

DESIGNED FOR EXTERNAL USE

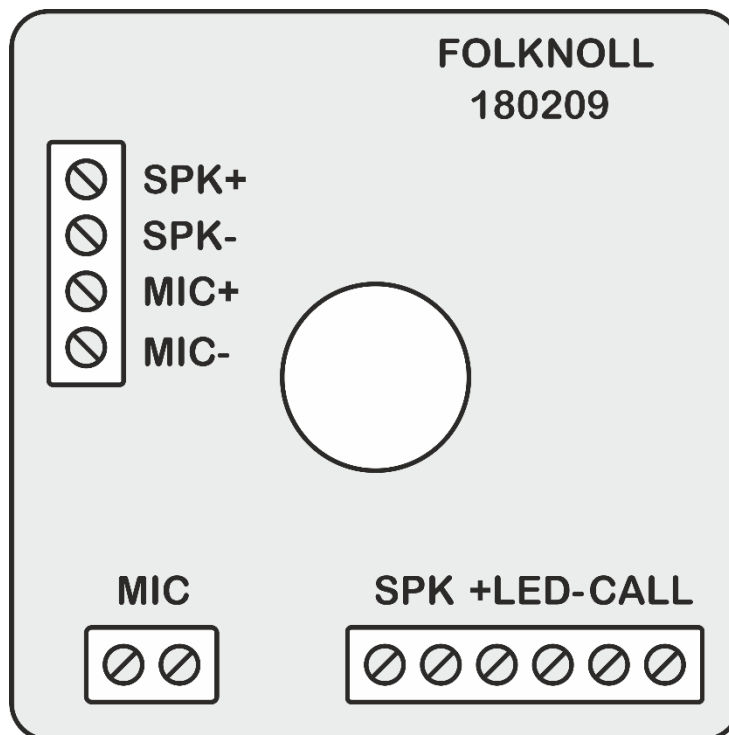

APPLICATION

This outstation is suitable for use with our standard, compact and combined Disabled Refuge EVCS.
