EMERGENCY ASSISTANCE ALARMS

Folknoll emergency assistance alarm systems offer cost-effective, vandal resistant, **BS 8300-2** and **DOCUMENT M** compatible solutions built from standard and bespoke units. Our alarms can be combined with disabled refuge EVCS and other systems. Ideal for **SHOPS, OFFICES, HOTELS** and other **PUBLIC SPACES**.

DT7550.04: LED INDICATOR, 4-ZONE

LED indicator panels provide a cost-effective alternative to 'intelligent' LCD indicator panels. The DT7550.04 LED Indicator, 4-Zone monitors and annunciates alarms from up to 4-off remote alarm systems.

BEACONS

The front panel is fitted with large red, 20mm dome, LED beacons that can easily be seen from the side. Making this unit suitable for use in corridors. Other colours are available by request.

SOUNDER

This unit is fitted with an integral buzzer with a protective mesh. The buzzer emits a loud 400Hz tone to attract the attention of staff and others when an alarm is activated.

FACEPLATE

The standard faceplate is made from brushed finish stainless steel with bold back, silk screened, English legends. Other finishes and alternative annotation are available on request.

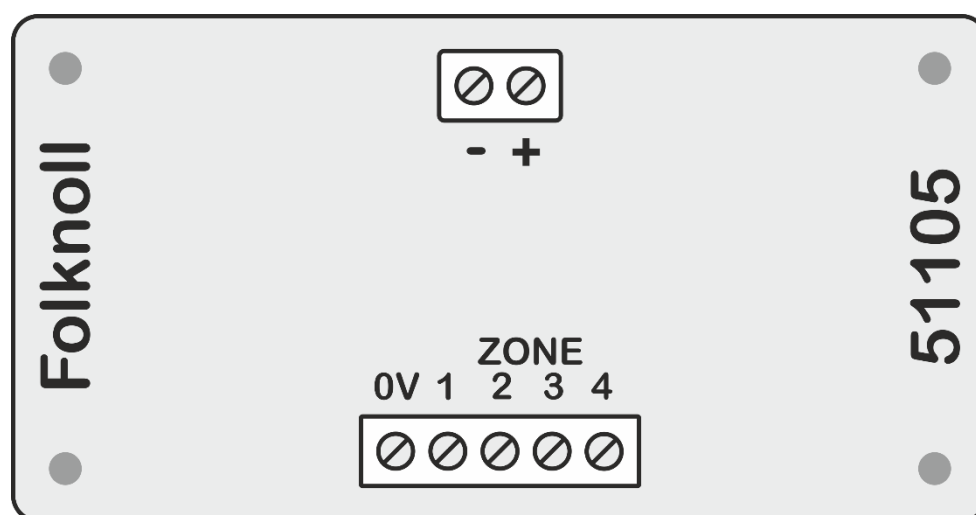

MOUNTING

The unit is designed for mounting in a standard UK, >35mm, double gang, back box. Anti-tamper fixings and other faceplate formats are available on request.
