FOLKNOLL FIRE TELEPHONE SYSTEMS

DESCRIPTION

Our 5100 series is a range of easy to install, easy to operate fire telephone equipment, designed to enable you and your clients to install a BS5839:9 compliant Fire Telephone System.

The bright red fireman's handset comes with a flexible coiled cable and large robust jack plug. Simply plug the unit to the nearest fireman's jack socket and the unit will automatically dial the system base-station.

The robust construction, simple operation and large jack plug make the unit ideal for operation by 'large fingers' in emergency situations when every second counts.

Suitable for use with Folknoll's FTS 6111.02 Fireman's Jack Socket, please see reverse.

FTS 6111.02 FIREMANS JACK SOCKET

Red jack socket for use with folknoll fireman's handset

Bright red mild steel fascia with black annotation

Large jack socket

Suitable for mounting in flush or surface single gang back box

**FOLKNOLL FIRE TELEPHONE
SYSTEMS**

DESCRIPTION

Our 5100 series is a range of easy to install, easy to operate fire telephone equipment, designed to enable you and your clients to install a BS5839:9 compliant Fire Telephone System.

The bright red fireman's jack socket is designed for use with the fireman's handset, (please see reverse). The fascia is constructed from mild steel and painted red with black annotation.

With dimensions of (86 mm by 86 mm approx) the unit is ideal for mounting on standard single gang surface or flush back boxes.

DESIGNED FOR LIFE

At Folknoll all equipment is designed by experienced engineers for ease of installation and operation. In particular the designers of Folknoll Fire Telephone Systems have taken into account the BS requirement to use larger fire resistant cabling, providing cable termination within enclosures, allowing room for larger glands and avoiding the need for additional junction boxes.

CUSTOM UNITS

Folknoll is a customer focused company. If you need special software features, custom made units or larger systems, then please contact Folknoll to discuss your requirements.
