CUSTODIAL PRODUCTS

Folknoll are approved suppliers of electric locking control, video intercom and general alarm systems to HM Prison Service. Our design team have been involved in the development of custodial systems since the earliest Prison Service PLC based systems. We are in regular contact with HM Prison Service to ensure that our systems fully comply and usually exceed current specifications and requirements. All of our systems are based on Siemens PLC equipment and as a Siemens Business Partner Folknoll are able to call upon their corporate support if required.

LOCKING CONTROL SYSTEMS

Folknoll custodial locking systems offer Home Office approved / **NOMS** compliant, site-wide, automated electric locking control system, implementing interlocking protocols, incident overrides, emergency stops, etc. Ideal for Prisons, Police Stations and other high security locations.

LC 9003-102SF: STATUS INDICATOR

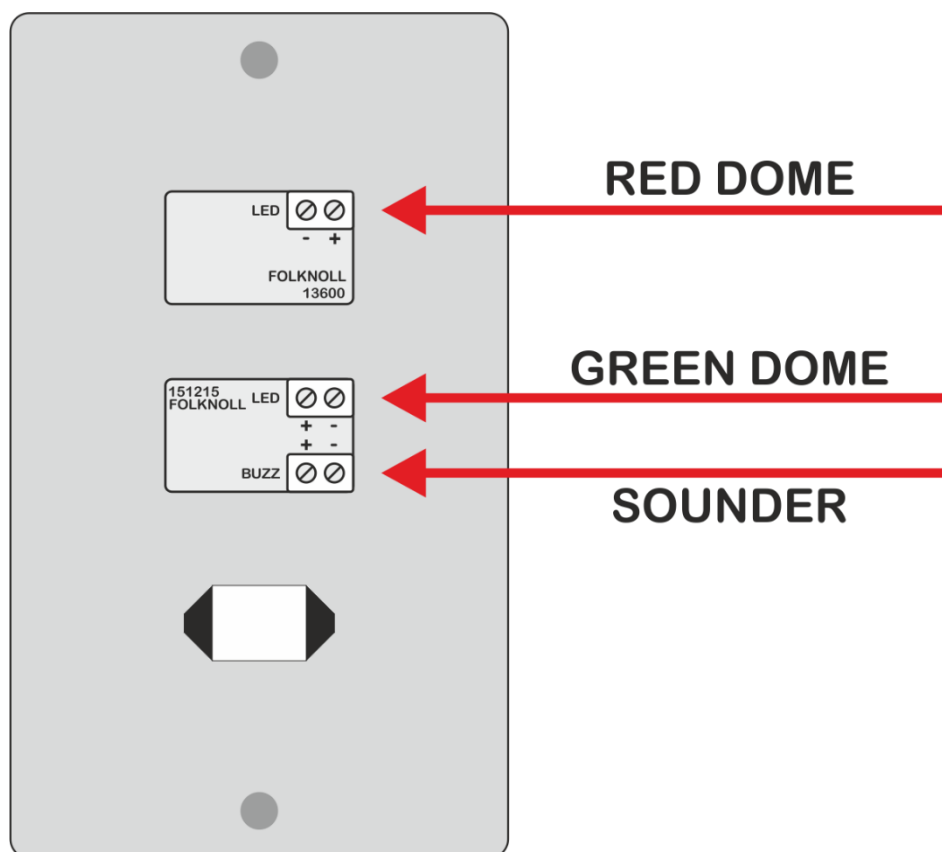

Our LC 9003-102SF Status Indicators offers a tough, vandal resistant access indicator for locking control and similar systems. The unit offers large 20mm dome LED indicators that are visible from the side along with an integral sounder to draw attention to status changes. The unit is designed to be flush mounted in a standard UK, 35mm, double gang back box. The faceplate is made from brushed finish stainless steel and annotated in black with the words **LOCKED** and **UNLOCKED**.

Other finishes and alternative annotation are available on request.
